APPENDIX B

KING'S WAY EARLY LEARNING CENTRE

ADMISSIONS POLICY- As a campus of Emmanuel Private School

Selection and Application & Enrolment Procedures

The school admits learners of any race, nationality & ethnic origin. Learners and parents must, however, be in agreement with the Biblical standpoint and ethos of the school and must follow laid down application and enrolment procedures. (Annexure A)

The following are discussed during the New Parent Meeting or Parent Interview.

1. Religious Background

Understand that we view this school ministry as “evangelistic” and do not necessarily only enrol “Christian” learners.

All prospective learners should be evaluated as to their potential to contribute positively to the life and character of the School with regards to the school's Christian ethos.

2. Spiritual Attitude

It is not enough that the learner comes from a “religious” background. Care must be taken to determine the openness of the learner and his/her family to spiritual issues. Learners and parents must show a willingness to be supportive of the spiritual development of the learner towards a Christian lifestyle.

3. Scholastic Attitude

Learners and parents are to display a positive and co-operative attitude towards teaching and learning. Although we accept that some learners may have had previous negative experiences in school, the underlying attitude towards academic work must be determined.

4. Scholastic Aptitude

Each learner will undergo diagnostic testing to ascertain at what level of the curriculum he/she should be placed.

King's Way Early Learning Centre is not a remedial school. However, upon evaluation of a learner's special needs, the school may enrol learners with special needs according to the school's macro plan and ability to cater for such special needs. The enrolment of such learners will only be finalised in co-operation with the relevant out of school specialists.

Learners from other A.C.E. curriculum schools will receive preferential placement, based on a positive reference from their previous school- with regards to the learner's character, academic achievement and overall best interest as well as parental support to the school and system.

5. Language of instruction:

The school's language of instruction is English Home Language. The official First Additional Language is Afrikaans. Learners will be admitted based on their ability to communicate and develop academically in English. Learners will be supported in these languages based on their diagnostic test results. Conversational Zulu is offered in the Foundation Phase.

6. Vacancy in the School

The school's macro plan guides in the enrolment of new students. This is based on the following:

- Overall Teacher: Learner Ratio
- Availability of subject Teachers
- Office and physical space availability in Learning Centre
- Annual growth predictions
- Parent commitment to the school and learner progress

ENROLMENT PROCEDURES

***How does enrolment take place at King's Way?**

1. King's Way learners annually apply during re-enrolment to enter the next class- entrance is not automatic, but based on test results and the learner's best interest.
2. Admittance into all classes is subject to an internal diagnostic test as well as an emotional and social evaluation, overall educator learner ratio, future strategic planning of the school, financial history and parent involvement and commitment. Neglect of any contractual obligations may lead to the termination of the admission and enrolment of your child.
3. Preferential admittance of siblings and ACE Grade R transfers into King's Way will be subject to the child's best interests as determined by the school, as well as the standard enrolment procedures and qualifying criteria. ACE Grade R transfer learners would therefore receive preferential placement on the waiting list, subject the confidential report, a financial history check on school fees, SPC results, space availability and parent & learner interviews.
4. Enrolment into Grade 1 at Emmanuel Private School (our affiliate school) is not automatic after attending the King's Way Grade R class, but subject to diagnostic testing and general school readiness. **Learners attending King's Way Early Learning Centre will, however, be considered preferentially, although the learner's best interest remains vital in all enrolments.**
5. A Provisional Application form must be completed for all prospective learners.
6. An enrolment form will only be issued to parents once a learner has been accepted into the school.
7. Enrolment fees are due within three days of acceptance into the school.

8. Learners on the waiting list must apply annually, during the year end enrolment cycle.
9. The admissions communication process is as follows:
 - Parents will be notified in writing of application results.
 - These results will be collected and signed for at reception.

APPLICATION PROCESS:

*** How do I apply to the school?**

1. Provisional application forms must be completed and submitted to school.
2. The child's present school must fax the Confidential Report directly to King's Way, where applicable.
3. The application will then be placed on the waiting list.
4. Parents will be contacted to bring the learner for a diagnostic test, as space becomes available according to the school's macro plan.
5. Parents will be informed of the learner's admission status in writing and must collect and sign for this communication. Admission status may be "Admitted", "Not admitted" or "Conditionally Admitted".
6. Parents will schedule a meeting with the Financial Administrator to arrange payment of the enrolment fee as well as the first month's school fees.
7. An enrolment package will be handed to parents at the meeting with the Financial Administrator and all documentation should be returned to the school before the specified cut-off date.
8. Parents will be informed of the learner's acceptance into King's Way in writing.
9. All new parents will be required to attend a New Parent Meeting at the beginning of the academic year.
